

CSC 530/730

W7 Exercise 2

Binary Search Trees

Problem 1

In example project *Example17BinarySearchTree*, add a function in class `BinarySearchTree` that displays all data in the binary search tree in decreasing order.

Problem 2

In example project *Example17BinarySearchTree*, add a function in class `BinarySearchTree` that returns the number of nodes in the binary search tree.

Problem 3

In example project *Example17BinarySearchTree*, add a function in class `BinarySearchTree` that returns the height of the binary search tree.

Submission

NO submission is needed.
